Important Information

Please consider the information below before investing in a Term Deposit with us:

- If you require immediate access to your funds in the future, please consider whether or not a Term Deposit is appropriate for you. We have other deposit products available which may be more suitable.
- By opening a Term Deposit, you consent to us automatically renewing your investment at maturity. If no instructions are received by us prior to, or on the day of maturity, we will automatically roll your principal and interest into the same investment term (or nearest equivalent term if the previous investment term is no longer available) at the current interest rate for that term. It is important to note that the interest rate applicable to the new term may significantly differ from the interest rate applied in the previous term, due to changes in interest rates over time.
- Whenever you invest with us you have a 7 day grace period, starting on the day after maturity, to make any changes to your investment. For instance, you may want to withdraw funds from your account, increase your investment amount or change the length of your investment term. During the grace period, you can make any such changes to your investment without incurring an interest rate reduction.
- From 1 January 2015, if you wish to withdraw or transfer your funds after the grace period and before maturity, we may at our discretion not permit the withdrawal or transfer for up to 31 days (or until maturity if sooner), but we will permit withdrawal or transfer during this period in the case of proven hardship. A reduced interest rate may be applied to your funds.

By ticking this box you acknowledge you have read and consent to the information above.
